EXECUTIVE SUMMARY

Harris Medical established a dedicated division in 2008 to procure and manage various state and federal government contracting opportunities. Since 2008, Harris Medical has provided physician and advanced practitioner staff services to federal, state, and local government. As a GSA VA FSS Schedule holder, we have successfully provided medical staffing services medical treatment facilities with the Department of Defense, Indian Health Services, Veteran Affairs Social Security Administration and Homeland Security.

CORE COMPETENCIES

Harris Medical provides locum Tenens & Permanent healthcare staffing healthcare staffing for clients at the county, state and federal level. Locum tenens positions represent solutions for healthcare organizations to fill their ongoing staffing requirement. Locum tenens healthcare providers can fill a void in patient care often created by the healthcare provider shortage experienced across the US.

At Harris we can help the physician in search of opportunities or hospitals or clinics searching for qualified licensed physicians to fill staff positions, Harris Medical's vast database of providers, access to hospital opportunities and decades of experience finding the right match makes us the first choice for providing a solution for you. Finding a staffing partner that can supplement ongoing physician recruitment and health care staffing needs is not only strategic, but also an integral component to ensure a successful medical staff development plan.
